

## UNLOCK 360

A tailor made contract to cover you against all risks of non payment

# UNLOCK YOUR POTENTIAL AND FOCUS ON THE ESSENTIAL

Cartan Trade supports you to release your commercial energy with a tailor-made contract. We are committed to support your growth while reducing uncertainty.

### WHO IS UNLOCK 360 FOR?

- You want to prevent risks related to your activities?
- You want to develop your business domestically and abroad?
- Will unpaid invoices weaken your business?
- Do you want to structure your commercial activities?
- Are you looking for a reliable solution and a partner who listens to you?

Unlock 360 is the ideal solution for all companies who wish to protect their activities. Regardless of your turnover, size of your company, your geographical footprint or your needs, we support you in a personalised way and over the long term.

# WHY TAKE OUT CREDIT INSURANCE?

Credit insurance protects your company against non-payment of your invoices, whether because of payment delay or a bankruptcy of your clients, in all markets, domestically and abroad.

Our Unlock 360 policy covers your transactions.

For you and with you:

- We will analyse the financial situation of your customers and prospects.
- We will monitor their ability to pay you and warn you in case of a deterioration.
- We will build with you the recovery journey and carry out action to collect your unpaid debts.
- We will indemnify your losses (non-recovered debts).

With better protection, you can better develop your business as you are sure you will be paid.

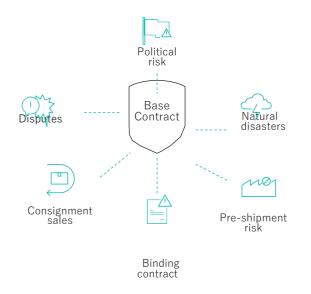

# -兴-THE ADVANTAGES OF THIS CONTRACT

#### A contract built together

We compile and adjust your policy together with you to precisely meet all your needs.

#### A wide range of risks covered

The base contract covers the risks of non-payment and bankruptcy of your customers. In addition, you can add the cover that you need.

Among those risks, we offer you only the cover that you need. No more, no less.

#### A clear commitment

Our contracts are written in a simple and readable way. We clearly express the extent of our cover in an accessible policy, in which the price is adjusted according to your requests and the cover chosen.

#### Stability

Upon request, you can take out non-cancellable cover to protect you for the duration of your contract.

#### Accessibility and responsiveness

To manage your business, we provide you with a digital platform. This platform allows you to manage your credit limits on a daily basis and to adjust the amount of your cover according to your needs.
